Methodist Church Suit.

The newspapers report that the great suit of the Methodist Church South, against the Methodist Episcopal Church under the old organization, was decided on tile 11th inst., in the United States District Court for New York, by Judges Nelson and Betts, in favor of the Church South-decreeing to it an equal proportion of the property in controversy.

We are highly gratified to learn that the decision is so favorable to the claimants and hope it may be allowed to rest without further litigation. But it may yet be taken to the Supreme Court of the United States, and reversed or affirmed, as the count may adjudge.
